

2017 Sci World Science and Inventions Workshops @ Sheepvention.

Sheepvention are including an exciting new feature as part of the inventions area. Schools can book in for a workshop which will be run throughout the two days. The workshop maximum capacity is 30. **Bookings will be taken on a first in best dressed basis.** There will also be constant demos which individuals and small groups can partake in. There is no cost to participate.

Work Shop Options

Space Colonies: Could you live on another planet? Learn what it's like to live on other planets, what their atmosphere, weather, oxygen and soil conditions are like; then using recycled materials, make your own space colonies. Suitable for ages 8 – 15.

CSI Forensics: Follow the clues, test soil samples, find the fingerprints and learn about crime solving in this workshop which is great for all ages.

Slime! Slime and more Slime! : What is slime? How is it used in every day life? Make some different kinds of slime of your own. Invent a new slime and think of a new use for it! You'll be slimed you did! Suitable for all ages.

Robotics: In this 60 minute programming workshop, work in pairs to code your Lego NXT Mindstorm Robot to move, do the Mexican wave and so much more! Suitable for ages 10+

Please indicate your preferences for the Sheepvention Inventions/Science workshops from 1 to 3

Monday 7 August

- 10am Slime Slime Sime
- 11am Robotics
- 12.30 Slime Slime Slime
- 1pm Robotics
- 2.30 Slime Slime Slime
